Sphynx Labs Ecosystem
Cross-chain DeFi utilities from on-ramp to off-ramp - Buy, Trade, Earn, Spend, Cashout

Chart/Swap: Visualize prices and trends on charts, swap assets across chains, SphynxSwap auto-finds best prices across DEX and CEX, and auto-routes even to PancakeSwap and UniSwap!

NFT & Ordinals Marketplace: Trade NFTs across chains, including non-EVM chains like Ordinals/BRC-20

Stake/Farm: Multiply your holdings with staking/farming options from projects using Sphynx Labs

Off-ramp & Spend: Seamlessly spend your crypto with Sphynx Visa card (no KYC). Apple Pay & Google Pay compatible.

On-ramp: Easily convert fiat currency to crypto.

Presales: Join exciting token presales on Sphynx LaunchPad

Bridge: Move your assets between different blockchains.

Hyper Pools: Stake multiple assets, like tokens and NFTs together, and enjoy boosted rewards—staking on steroids!

Sphynx DeFi App provides access to the same all-in-one & cross-chain features as the dApp!

GET IT ON Google Play — Download on the App Store

While Sphynx is an all-in-one ecosystem, Sphynx does not lock or force you into using all our utilities; you can use any utility you want. Whether you just want to use Visa Cards, the Wallet, or Sphynx Swap to get the best price, or earn from hyperools, it's all up to you!

For Developers:
Work with Sphynx Labs: In-house development of Cross Chain Bridges, Full Blockchain Integrations into the Sphynx Platform, Presale/Launchpad, Staking/Farming pools, NFT pools, NFT marketplaces, DEX listings, Incubation.

Partner Perks & Marketing Support: Partner with Certik for audits and access marketing support, including AMAs and exposure.

For Influencers:
Referral & Influencer Rewards: No need to shill Sphynx! You can earn by simply introducing Sphynx while promoting other tokens of your choice. For example, if you want to show a chart of a token, simply use the Sphynx Chart link for that token!

Sphynx Utilities for Businesses: Accept Crypto Online and In-Store!

Accept Crypto Payments - Seamlessly integrate crypto payment options on your website with SPay APIs.

Physical POS Terminals - Use SPay's physical POS terminals to accept crypto in-store.

Tokenomics: *#DYOR #NFA*

Safu, Doxxed: New Zealand Registered, Nominated for Blockchain NZ Startup of the Year, Presented at World Blockchain Summit, Office expansion to Dubai and Miami, Certik Partnered.

2+ Years Live: Track record of constant building, rolling out of new features and utilities.

Strong Community: Community HODLing for 2+ years with a floor of $4M+ even during the bear market aka crypto winter.

Layer 0,1,2 Blockchain: Hybrid PoW/PoS chain launching.

Total Supply: 2 Billion, will reduce more with the launch of our blockchain.

Multiple Trading Pairs: SPHYNX/ETH, SPHYNX/BSC, SPHYNX/BITCOIN, SPHYNX/BRISE. SPHYNX/LOOP. SPHYNX/OMNIA, SPHYNX/CRO – all convertible to Sphynx native coin when blockchain launches

Not a Ponzi, Sustainable Income: Business model generates revenue from multiple angles - from our all-in-one DeFi crypto utilities, from what we build for others, from processing crypto payments for real-world businesses and Visa cards. Portion is distributed back to holders in the form of our Hyper Pool rewards.

Imagine reward distributions when we've acquired just 1% trading volume of combined PancakeSwap, UniSwap, DexTools, NFT Marketplaces, Staking Pools – that's 1% of 100s of billions of dollars! And imagine revenues from processing crypto payments as crypto becomes mainstream.
